Counsel:

On our call yesterday, we agreed to hold our next

meeting in Seattle on January 14-15, 2009. I understand that our government project managers may be unavailable on the 14th. So I am thinking that Jan. 14 will be focused on the body of the CD, with Jan. 15 focused on the SOW. Please let me know if this schedule cannot work for you or your clients.

Between now and then, I hope all gov't reps can complete a close review of the redline CD and SOW and will be prepared to discuss specific language. I also expect parties will give some thought to the major issues identified in our call yesterday. We have an aggressive schedule for completing this settlement (120-day moratorium expires Feb. 1, 2009; tolling agreement expires Feb. 28, 2009; field season '09 will approach soon after), so we need to make progress with this (and every) meeting.

If any questions, etc., between now and then, please feel free to give me a call.

For now, happy holidays one and all.

Cliff Villa  
Assistant Regional Counsel  
U.S. EPA Region 10
